

Environmental Policy

PMG Print Management is committed to carrying out its business in compliance with all relevant environmental laws and regulations.

PMG Print Management is committed to controlling and reducing any adverse environmental effects caused by its activities. It will continually aim to improve environmental performance by having regard to industry best practices.

PMG Print Management manages waste efficiently through minimisation, recycling and re-use where practical.

PMG Print Management encourages its employees to conduct their activities in an environmentally responsible manner through implementation of this policy.

PMG Print Management encourages suppliers acting on our behalf to adopt these principles. Where possible, we will always source goods from suppliers who are ISO 14001 accredited.
